Dear Membership,

I can't wait to see you all at the Saint Louis Club next Monday (11/14) as we welcome Zac McClure, MBA/CPA, co-Founder of Token Tax. This is not your typical crypto-currency talk.

Zac McClure gives us the rare opportunity to see deeply into his real world of significant active crypto traders and leading-edge tax reporting advice, from one at the practical helm in this arena.

This is a must see presentation! To register [CLICK HERE](#).

See you Monday!

Best,
Robynn Ragland
President
